

A National Lutheran Community

**To:** All Residents, Families and Team Members

**From:** Kyle Hreben, Executive Director

**Date:** September 12, 2020

**Subject:** Path Forward Update

# Memorandum

During our weekly testing, we learned one team member tested positive for COVID-19. All other residents and team members had a negative result. This does not change our current active outbreak status.

Current Phase: Pre-Phase 1

- Residents who live in Assisted Living, the second floor or 3 Maryland are permitted outdoor/patio/glass door visits. You may schedule a visit using the links below.
- We will remain in Pre-Phase 1 for a minimum of 14 days and can apply for Phase 1 after 14 days with no positive tests.
  - Residents must eat meals in resident rooms
  - No in-person group activities/programs (ConnectedLiving continues to offer virtual programming)
  - Residents are not be permitted to move between neighborhoods or to/from the front desk.
- Residents in each neighborhood throughout Assisted Living, Long-term care and Skilled Nursing will be tested at least twice more according to guidance from the Department of Health.
- Team members and routine contracted service providers continue to be tested weekly
- Infection control precautions continue routinely

We continue to take all necessary steps to safeguard our community. Thank you for your continued support.
