

A National Lutheran Community

To: All Residents, Families and Team Members

From: Kyle Hreben, Executive Director

Date: December 24, 2020

Subject: Path Forward Update

Memorandum

Merry Christmas! We received our Christmas wish yesterday with the return of our testing results. Our twice weekly testing results indicate that all residents and team members are negative for COVID-19! I am continually amazed and grateful for the efforts of our team and the patience of residents as we walk through these times together.

While we embrace the changes required to live and work as safely as possible in the pandemic, we also look forward to the coming time where restrictions are lessened and loved ones are reconnected in-person. We believe the newly available COVID-19 vaccine is instrumental in this pathway, and we eagerly await its arrival to our community in early January.

As part of this week's email, you will find a memo from Erin Wheeler, our healthcare administrator, regarding details on the upcoming vaccine clinic with CVS for Health Center residents and all team members. We are still waiting on confirmation of a vaccine clinic for independent living residents. This email also includes a couple of vaccine FAQs. We hope that you will find this educational information helpful in your decision regarding the vaccine not just for your loved one but also for yourself.

Our team continues taking efforts to ensure that this Christmas season brings good food, good times and great memories for all residents. In our world of "new normal", I hope that you will find ways to safely continue your Christmas traditions while taking the opportunity to make new traditions. On behalf of everyone at The Village at Rockville, we wish you a very Merry Christmas!
