

A National Lutheran Community

To: All Residents, Families and Team Members
From: Kyle Hreben, Executive Director
Date: June 19, 2020
Subject: Response to Governor Hogan's limited visitation announcement

Memorandum

Early this evening, we learned of Governor Hogan's guidance to allow limited outdoor visitation starting this weekend to some Maryland nursing homes. There are a number of criteria that must be met to be eligible to allow the outdoor visitation. At this time, The Village at Rockville is not able to extend outdoor visitation to our residents and family. While we regret that we cannot currently provide for outdoor visitation, we are diligently working towards the opportunity to have our families and residents together again. As we've expressed many times, we are grateful for your support, patience and encouragement as we continue to navigate these unprecedented times.
